

Presentation Guidelines:

- Presenters will have a 15 Minutes time slot for paper presentation.
- Please prepare a PowerPoint presentation that lasts for up to 10-12 Minutes maximum to allow 3-5 minutes for discussion after your presentation. This equates to roughly 10 to 12 slides excluding your title and acknowledgement slides. We will give you a warning at 10 minutes so you have a minute to wrap up.
- In case authors/delegates are not able to present their paper live, they can submit the pre-recorded presentation videos to the program chair through Google forms.
- Link for submission of pre-recorder video presentation and presentation files (pptx/pdf) is

- Please create video of 720p or higher resolution in mp4 format of up to 1GB file size.
